ITE Annual Meeting and Exhibition Recap

The 2022 ITE Annual Meeting and Exhibition was again, a huge success!

If you were one of the in-person attendees, ITE is providing PowerPoint presentations they received, as well as the recorded sessions. The folders are divided by day and then by session. If a presentation is not listed, we have not received it. This content is available until October 1.

[Click here for access](#)

If you registered for the virtual conference, you can access the sessions you missed. This content is available until October 1.

Student Chapter Award (see next page)

Jon D. Fricker Graduate Transportation Students in Civil Engineering Support Fund

As a way to honor the legacy of the late Professor Fricker, the Jon D. Fricker Graduate Transportation Students in Civil Engineering Support Fund has been established by his wife. This special endowment will support graduate students in Transportation during their time at Purdue.

Professor Fricker was a beloved colleague and educator whose memory will remain with us. If you wish to support this endowment in Professor Fricker's memory, donations can be made through the giving link that has been set up.

Wilbur S. Smith Distinguished Transportation Educator Award Darcy M. Bullock, PE

Dr. Darcy M. Bullock, P.E. has been awarded the prestigious 2022 Wilbur S. Smith Distinguished Transportation Educator Award.

Darcy Bullock is the Lyles Family Professor of Civil Engineering at Purdue University and serves as the Director of the Joint Transportation Research Program (JTRP). He received a B.S. in Civil Engineering

from the University of Vermont in 1987. He received an M.S. in 1988 and a Ph.D. in 1992 in Civil Engineering from Carnegie Mellon University. Bullock is a Registered Professional Engineer in Indiana and has 30 years of experience working closely with academia, transportation agencies, and private sector partners in the area of transportation systems and big data. On the traffic operations side, he is currently leading a 12- state pooled fund study to develop scalable and anonymized traffic signal systems performance

measures using connected vehicle data.

Bullock's work has been recognized by 13 best paper awards from the Transportation Research Board Committees (TRB) on Traffic Signal Systems and Highway Work Zones. The impact of his research and engagement activities has been recognized by the TRB Grant Mickle Award, American Society of Civil Engineers (ASCE) Huber Award, ASCE Wellington Best Paper Award, the Institute of Transportation Engineers Management and Operations Council Project Achievement Award, the American Association of State Transportation and Highway Officials (AASHTO) Presidents Award for performance excellence, the Kellogg Foundation Award for engagement, and 2019 testimony for the US House Subcommittee on Research and Technology.

Congratulations to Dr. Bullock for this outstanding achievement, and thank you for your many contributions to ITE and the transportation industry!

Student Chapter Award Purdue University Student Chapter

Congratulations to the Purdue University Student Chapter of ITE for being selected to receive the 2022 Student Chapter Award.

ITE's 150+ chartered Student Chapters offer students a chance to begin to create their networks, develop leadership skills, and launch their careers. The connection between a Student Chapter and local professionals is key to both the experience of the student member and the growth of ITE. The Student Chapter award recognizes a chapter that has provided an exemplary experience for its members with robust programming and outstanding administration.

Some highlights of the Purdue University Student Chapter of ITE's programming:

- 68 meetings were held, 33 general body meetings, and 35 executive board meetings.
- Education and networking sessions, including ITE Indiana

dinner/ITE Posters showcase; Elevator Pitch Event; guest lectures; and a coffee social at nearby hotel

- "Developing Tomorrow's Infrastructure: An Introduction to Civil Engineering" summer course for high school students
- Members tutored K-12 students from disadvantaged backgrounds on a weekly basis.
- Chapter members and faculty advisor Dr. Darcy Bullock wrote "Using Connected Vehicle Data for Assessing Electric Vehicle Charging Infrastructure Usage and Investment Opportunities" for the March 2022 ITE Journal.
- Authored or coauthored 47 academic journal publications.
- A technical tour of the Subaru of Indiana Plant with an INDOT research section manager and a visit to the May Mobility's pilot program.
- Participated in an Adopt-a-road clean-up near campus.
