LeadershipITE 2023 Apply Today!

KEEPING YOU FOCUSED ON TRANSPORTATION

LeadershipITE (LITE) is accepting applications for its 2023 class through

September 15, 2022. LITE is an 8-month hybrid program focused on enhancing leadership skills for transportation professionals. ITE understands that everyone is trying to juggle increased workloads and flexible work schedules. To better accommodate this new normal, the program has been specifically designed to fit into busy schedules. This unique program is broken into three parts:

- Two in-person sessions will kick off and close out the program.
- Nine virtual workshops built around engagement and include interactive and experiential elements.
- A small-group project will allow the class to apply the lessons learned in the sessions.

For more information and to apply to LeadershipITE, [click here](#). To stay up to date on the latest LeadershipITE activities, send a note to leadership@ite.org.

ITE Talks Transportation Podcast

How Carmel, Indiana Became the "Roundabout Capital of the United States"

Jeremy Kashman, chief engineer and director of engineering for the City of Carmel, IN, USA, joins the ITE Talks Transportation podcast to talk about how his city became the "Roundabout Capital of the United States." With more than 140 existing roundabouts and more in the works, Kashman describes the process of installing these roundabouts and the benefits they provide, including decreased congestion, improved safety, and reduced emissions. Kashman also describes the public's reaction to the roundabouts, and provides insights for any jurisdictions considering installing the structures.

Event

SUMMARY

Trine ITE Student Chapter Meeting Summary

On April 26th ITE members met with Trine University on campus. Professor Mohammed and 10 Trine students were in attendance. The Trine student chapter has been reformed and have elected Chapter Officers. The meeting was an informal setting where the students asked questions of the ITE members. The members also offered some insights from their careers in reinforcing the answers to the student's questions. The next event will be a summer social in Fort Wayne and will consist of a Fort Wayne Tin Caps baseball game and pregame tailgate. We hope to see the Trine chapter at this event.

ASCE/ITE Day at the Track

On May 20th, ASCE and ITE joined together for a social event at Big Woods in Speedway. This is an annual outing to enjoy good food, drinks, and networking. There was a great turnout and some were lucky enough to head to the track afterwards to enjoy the Indianapolis 500 Fast Friday. If you missed this year, be on the lookout for next year as it is an event you don't want to miss.

Public Agency Showcase - ITE International

Read about the projects provided by ITE's public agency members in support of United for Infrastructure Week and Bike Month. The Monon Boulevard in Carmel is one of the projects highlighted.
